

Accessibility Plan

The purpose of this plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

A person has a disability if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

We aim to treat all our pupils fairly and with respect and we do this by providing access and opportunities for all pupils without discrimination of any kind. Underpinning this work are our values of respect, responsibility and positivity.

The action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
